Suggested Computer/Mac Requirements

Computer requirements may vary by school or course of study, and may need upgrades when majors are selected. In general:

PC

- Windows 10, 64-bit
- Laptop or Tablet with Intel Core i-5 or higher
- 16 GB or higher RAM
- 250 GB or higher solid state hard drive
- Wireless card dual band 802.11n or 802.11ac
- NIC/Ethernet 10/100/1000
- 4-year on-site service support with accident damage coverage
- Software Suite matching required undergraduate software bundles (often purchased through the school)
- External hard or cloud based services for backup

Mac

- OSX Version 10.11 or higher
- Intel Core i-5 or higher
- 16 GB or higher RAM
- 250 GB or higher solid state hard drive
- Wireless card dual band 802.11n or 802.11ac
- NIC/Ethernet 10/100/1000
- 4-year on-site service support with accident damage coverage
- Software Suite matching required undergraduate software bundles (often purchased through the school)
- External hard or cloud based services for backup

This is a general supplies list not sanctioned by any colleges or universities. Actual lists are located on individual school websites under campus living.
